# Stat230 Homework XX

Your Name

```
library(tidyverse)
library(patchwork)
library(broom)
library(ggformula)
```

To submit your assignment,

1. render your file to pdf
2. download the pdf to your computer (if using maize)
3. submit your pdf to gradescope in the appropriate submission space
    - Make sure to mark your pages through the gradescope system!

*Guidelines*

- Make sure your PDF is "clean":
    - `echo: TRUE`, `warning: FALSE`, `message: FALSE`
    - Do not print long pages of output. Printing tibbles is OK
    - All questions should be answered with sentences written in text
- Make sure your .qmd is "clean":
    - remove unnecessary code
